

How to Write a Research Proposal

Designed and facilitated by Dr Sandra Mandic, PhD, PMP

Writing of a research proposal is often the first step in planning a new research project.

Research proposals are used for various purposes including research grant applications, applications for ethical approval and applications for research scholarships and fellowships.

The objective of this course is to help students understand the requirements and navigate the process of writing research proposals.

Specific Course Objectives*

Understand fundamentals of writing research proposals

Provide practical guidance for writing effective research proposals

Offer tips for getting feedback and dealing with revisions

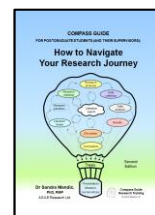

Target Audience

Doctoral and Master's students
